A hand is holding a long, thin, curved metal object, likely a dental arch wire. The object is gold-colored and has a smooth, polished finish. At each end, it curves into a semi-circular shape with a series of parallel ridges or ribs. The object is held against the palm of a hand, which is visible in the background. A white text box is overlaid on the image, containing the following information:

F-190 gold

96mm 135

A close-up photograph of a person's hand holding a silver metal watch case back. The case back has a textured, ribbed pattern and a small rectangular notch near the top edge. The hand is positioned to show the side profile of the case back. In the background, a blue pen and a yellow object are partially visible.

A close-up photograph of a hand holding a highly reflective, curved metal spoon. The spoon is held between the thumb and index finger, with the rest of the hand supporting it from below. The spoon's surface is extremely shiny, reflecting the surrounding environment, including what appears to be a blue and yellow object in the background. The hand is light-skinned, and the background is a neutral, slightly textured grey.
